(916) 321-BUSS (2877) [Schedules](#)

FTB is located at **stop 10 , Butterfield Station** , in the brick buildings directly behind the light rail platform.

What you need to know about using Light Rail:

- Tickets are sold at each station; they must be validated before you board (\$2.00 for one way ticket or \$5.00 for daily ticket at the time of this writing).
- The platforms have direction signs; from downtown go toward Folsom, from the FTB building go toward Downtown (e.g. 9th Street.)
- When the train arrives, use the green button to open the doors. Doors close automatically.
- When you get to your stop (either Butterfield or 9th & K (downtown)) you must push the yellow stop request button located near the exit doors to signal that you would like to stop.

The following directions supplement the schedule information:

Light Rail From Downtown

If you are coming from the downtown hotels choose the schedule marked 'Light Rail (Downtown to Sunrise)'. You may catch a train from either St. Rose of Lima (9th & K) or Cathedral Square (K & 11th). Use the top portion of the schedule (Downtown to Sunrise) to find the arrival times (hint: use St. Rose of Lima for Cathedral Square arrival times as they are only a few minutes apart). Board the train that indicates the direction as 'Folsom' on the front window. Press the yellow button on the train when approaching the Butterfield station. Exit the train and walk to the brick buildings directly behind the platform. See '[What to do when you arrive: Security](#).'

Light Rail To Downtown

When viewing the schedule to go downtown from the FTB building use the Mather/Mills arrival times, as we are only minutes away from that platform (make sure you are in the **second half** of the web page for the Sunrise to Downtown arrival times). Board the train marked 'Downtown' in the front window. Everyone will be asked to exit at the St. Rose of Lima platform, but they allow riders to stay on board to get to the next station (Cathedral Square) which will be closest to the two [downtown hotels](#) listed on this site.

Light Rail From Rancho Cordova/Folsom

If you are coming from the Rancho Cordova hotels choose the schedule marked 'Light Rail (Downtown to Sunrise)'. The Folsom light rail station is located on the corner of Iron Point and Folsom Blvd. across the street from the Folsom hotels. The Sunrise light rail station is across the street from Point East Drive (directly across from the Marriott). Use the second half of the web page in the area marked 'Sunrise to Downtown' to determine arrival times. Board the train with a destination of 'Downtown' and press the yellow button on the train when approaching the Butterfield station (right after the Mather/Mills station). Exit the train and walk to the brick buildings directly behind the platform.

Light Rail To Rancho Cordova/Folsom

If you are leaving the FTB building and are going to the Rancho Cordova hotels choose the schedule marked 'Light Rail (Downtown to Sunrise)'. Use the first half of the web page in the area marked 'Downtown to Sunrise' to determine arrival times. Board the train with a destination of 'Folsom' and press the yellow button on the train when approaching the Sunrise/Folsom station. Exit the train and walk across the street to hotels.

If you have questions, you can call the number (916) 321-2877 for customer service help, but plan on it taking 15-20 minutes to talk to an operator.
